Gayna Brown established the School of Dance over 40 years ago and continues to teach pupils from the age of 2 1/2 years to adult in all disciplines from Ballet, Tap, Modern, Jazz and Choreography. Over the years Gayna Brown has taught many dancers from complete novices who have developed into professional dancers. Former pupils have performed in West End Musicals, joined professional ballet and contemporary companies or continued into teaching careers. Pupils are encouraged to reach their potential with the enjoyment of dance being paramount. Gayna Brown is a fully qualified LIFE MEMBER of the ROYAL ACADEMY OF DANCE Teachers Cert. A Full Teaching member of the IMPERIAL SOCIETY OF DANCE .

Pre School classes.... The lessons aim to develop children's artistic capabilities through the incorporation of nursery rhymes, music, basics of ballet and interpretation. The classes endeavour to increase the children's social awareness with group work and develop self confidence with the inclusion of partner and solo work.

Ballet.... an academic form of dance with graceful, flowing, precise movements that incorporates dance, mime, acting and music.

Modern.... a theatrical genre including lyrical, jazz , contemporary and urban styles.

Tap.... a genre involving rhythmical patterns, with an extensive use of syncopation, doubling up and tacit.

Choreography....comprises of dance composition and is the art of devising movement structures.

Adult Ballet and Tap both present an excellent opportunity to meet new people whilst increasing balance, elegance, co-ordination, strength as well as health & fitness.
